

Hand coloured photo - Collage

...

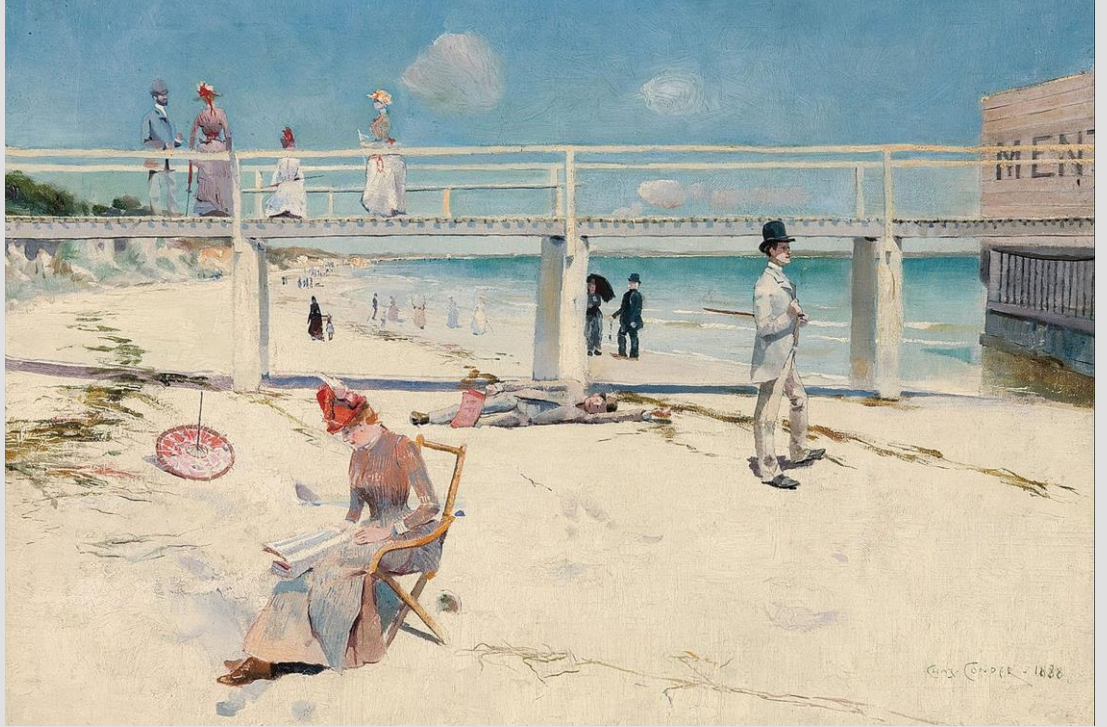

There are loads of possibilities, get creative with collage and then hand colour it

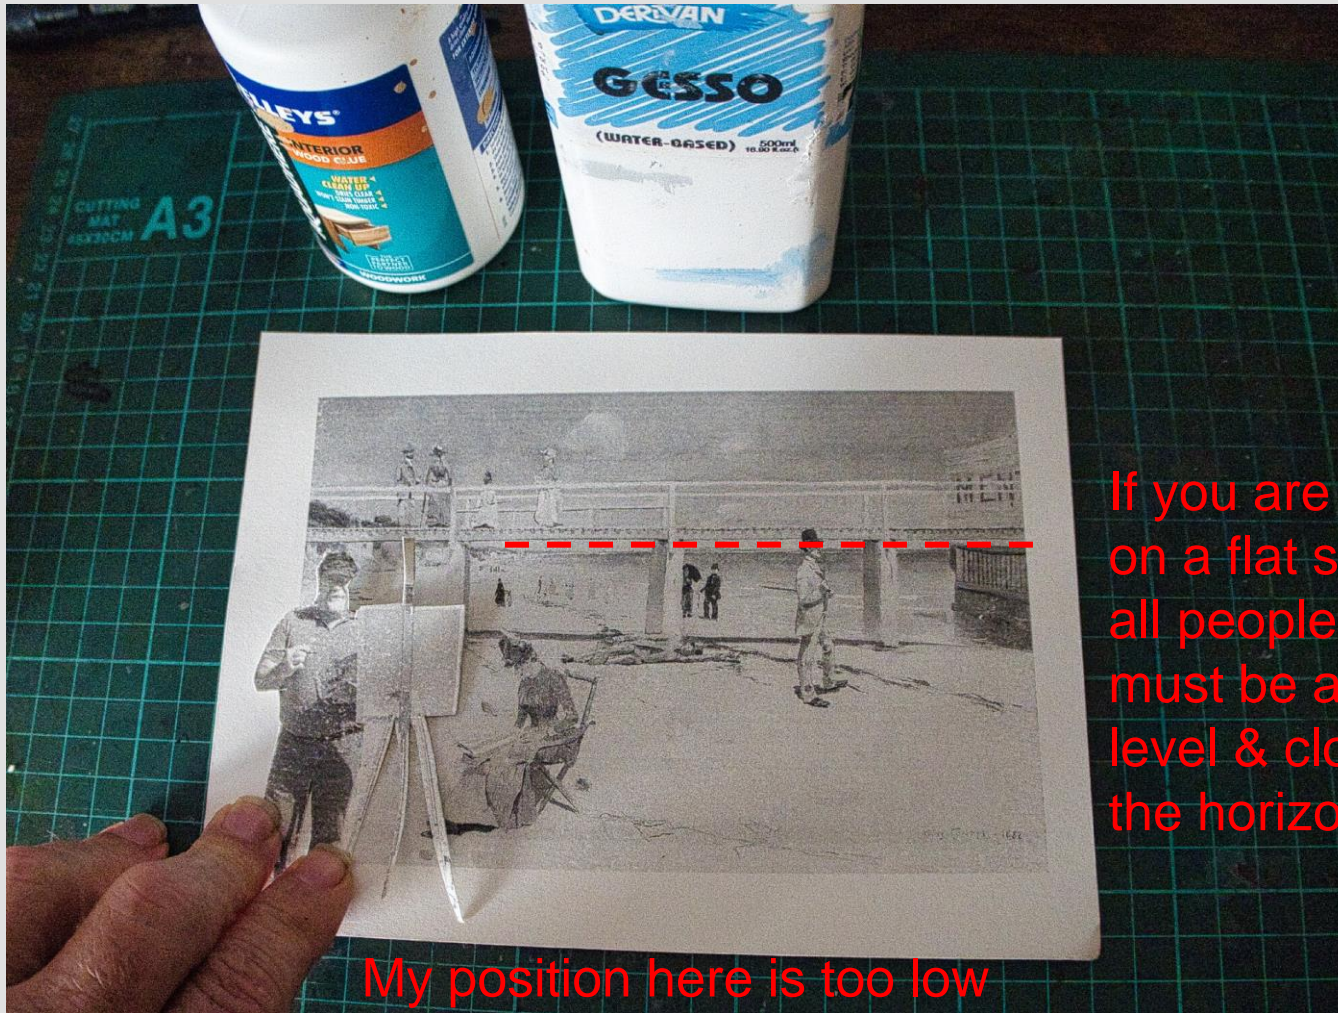

Hand coloured photo Collage

Put member(s) of your family in
famous painting or photographs

I grew up close to the famous
Mentone Baths painted by
Charles Conder

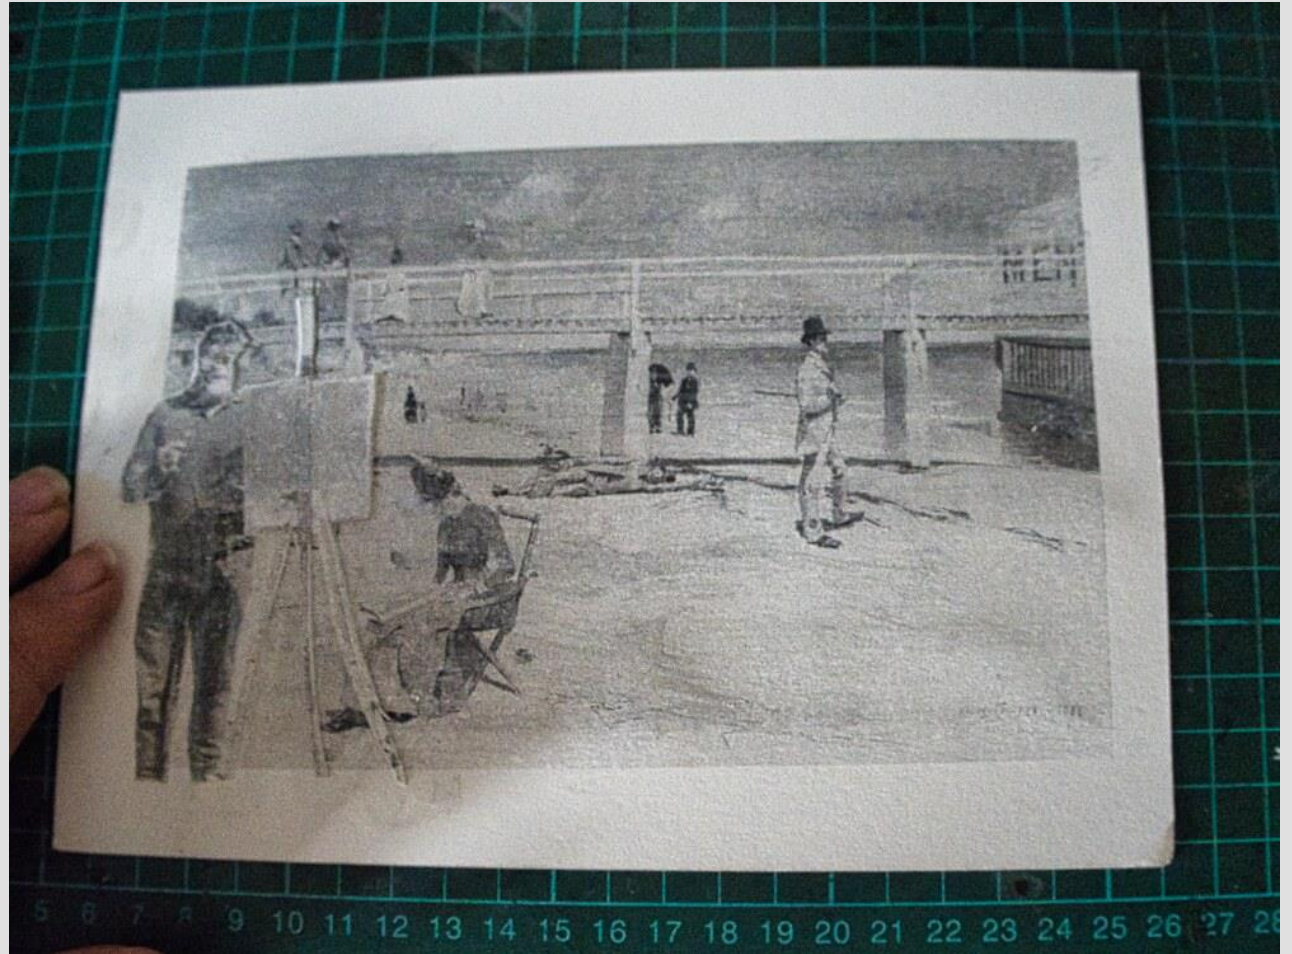

Placing my
Cutout over
B&W print

If you are standing
on a flat surface
all people's heads
must be at the same
level & close to
the horizon

My position here is too low

Better position
& approx. right
scale

Paint over collage with watercolour washes
